

IMPROVING COMMUNICATIONS

We would like to try something new. Something that won't cost much, less than a 37-cent stamp. We would like to deliver to you, via e-mail, a summary of the monthly board meetings. This way we can keep you in the loop about what is going on with your lake association. To make this idea work we will need your e-mail address to add to our database. The easiest way to do that is for you to send us a short note to lklatoka@rea-alp.com requesting the summary. That's all there is to it.

YOUR LAKE ASSOCIATION NEEDS YOUR HELP

I'm sure that everyone knows the Lake Latoka Property Owners Association is a 100% volunteer organization. Fortunately we have great group of people who really care about the future of our lake. Personally, I feel that my time spent as a volunteer is a good investment in the future health of our beautiful lake and the future value of my property. Not a bad deal when you throw in all the fun we have along the way. Now here's the catch. We have several committees that need some help for the coming year. The 4th of July Boat Parade Committee, the Annual Family Picnic Committee, the Army Worm Spotters, the Fish House Patrol, just to name a few. Now don't panic, no one has to invent or even reinvent the wheel here. We have kept good notes on what needs to be done and how to do it. All you need to do is contact any one of your board members or send us a note to lklatoka@rea-alp.com and we will be happy to get you started.

COLD WEATHER IS COMING!

Volume 2 Issue 35 Page 4 September 2001

2nd ANNUAL FAMILY PICNIC

Chalk up another success. The weather could have been a little warmer and the skies a little bluer, but no matter, everyone had a good time and all the wonderful food you could ever hope to eat. The dual serving lines for food was a big improvement over last year. The efforts to control unwanted insect guests was also greatly appreciated. SWAT. Thank you to everyone who attended the picnic and thank you to all who worked to make it so successful. I am already looking forward to next year.

A SPECIAL THANK YOU

Diane Nelson went above and beyond the call for the 4th of July Boat Parade. She took the most beautiful color pictures of each and every boat that passed by her home. Then she printed them suitable for framing. We handed out as many as we could at the Family Picnic but many are still unclaimed. They will be available to pick up this coming June at the Annual Meeting.

BE A GOOD NEIGHBOR

This good neighbor tip is coming a little late in the year, but it can be practiced all year long and is really appreciated during the hot sultry days of summer. Freeze your fish guts before putting them in the garbage can. Does a great job controlling the smell and helps keep the flies away as well.
